Eric Barker
Assistant Regional Administrator
State of Utah Adult Probation and Parole
ericbarker@utah.gov
Participant Objectives

- Identify ways utilizing integrated tablet technology can enhance the release and reentry process
- Utilize effective tools to motivate and engage incarcerated individuals to become an active participant in their release and reentry planning
- Determine ways to minimize the gap in services between incarceration and community supervision
- Understand the use of tablet technology as it relates to assistance with treatment programming
Why is collaboration and engagement necessary to ensure a successful reintegration back into the community from incarceration?

eLearning Course
WRAP for Reentry: Moving Forward from Incarceration

This course helps participants create a personalized wellness plan whether they are:
- Currently in jail or prison;
- Incarcerated and preparing for reentry; or
- Living in the community and working hard to avoid going back to jail or prison.

Course participants use WRAP to address real-life challenges and reduce distressing feelings and behaviors with the goal of creating a life that feels good and sustains health and wellness—while helping to prevent future recidivism.

Features
- Step-by-step action planning exercises
- Strategies learners can use during and after incarceration to take care of themselves and move forward into a future they’re excited about
- Real stories from real people who have used WRAP to help rebuild their lives during and after incarceration
- A personalized plan they can take with them anywhere after completing the course

eLearning Course
WRAP for Addictions

This course helps people with substance use disorder to create a personalized wellness plan whether they are:
- Currently in jail or prison;
- Incarcerated and preparing for reentry; or
- Living in the community and working hard to avoid recidivism.

Course participants use WRAP to address real-life challenges relating to their addiction with the goal of creating a life of recovery and wellness.

Features
- Step-by-step action planning exercises
- Strategies they can use during and after incarceration to take care of themselves and move forward into a future they’re excited about
- Real stories from real people who have used WRAP to recover from substance use disorder and to rebuild their lives during and after incarceration
- A personalized plan they can take with them anywhere after completing the course
